# Privacy Policy

We understand that the protection of privacy is a major concern to many of Internet site users; therefore, we are working hard to gain your trust by selling only the highest quality products, and we want to do everything reasonably possible to keep your trust. To build on our relationship, we want you to understand a little bit about how our Internet site interacts with visitors and how we will use any information gathered when you visit our site. This Privacy Policy will tell you about our practices regarding the collection, use and disclosure of information provided by you via this site. Please read this Privacy Policy in its entirety before using or submitting information to this site. The site is intended for use by residents of the United States.

## **Your Consent**

By using this Internet site, you agree to the terms of this Privacy Policy. Whenever you submit information via this Internet site, you consent to the collection, use and disclosure of the information you provided in accordance with this Privacy Policy.

## **Children**

Parents should always supervise their children while online. This Internet site is not designed nor intended for children under the age of thirteen (13). So that we may comply with the Children's Online Privacy Protection Act, we ask that children under the age of thirteen (13) not provide any personal information on this Internet site. We will not knowingly collect personally identifiable information via this site from visitors of this age group.

## **Registration**

In order for you to receive certain benefits of our site you may first be asked to supply personally identifiable information in order for you to benefit from the specific features (such as newsletter subscriptions, resume submissions, or collaboration efforts) or to participate in a particular activity (such as promotions, surveys or polls). You will be informed what information is required and what information is optional. We want to supply you with information that benefits you and the more relevant information we have about you the better we are able to do this.

Please contact us via the Ask Jack page using the **Contact Us** instructions to update or correct your personally identifiable information that is in our possession, or to delete your information from our contact list.

## **Types of Information Gathered**

The owners of this Internet site may gather the following types of information: (1) information given voluntarily while using a feature of this Internet site, for example, during a registration process; (2) information gathered as a result of voluntary participation in a survey or poll, or when communicating with our webmaster or customer service team members; (3) information gathered automatically when visitors visit our site; and (4) passive information collection (that is, gathered without your actively providing the information) using various technologies, such as

cookies, Internet tags or web beacons, and navigational data collection (log files, server logs, and/or clickstream).

### **Surveys and Polls**

From time to time, the owners of this Internet site may ask users to participate in voluntary surveys and polls. As a part of this process you may be asked to supply personal information such as demographic information and lifestyle preferences. These surveys will be strictly voluntary and you can choose to disclose this information or not.

### **Cookies**

The owners of the Internet site may automatically receive and record information on our server logs from your browser, which may include your IP address, cookie information, session time, click path analysis, and the pages you request.

An Internet Protocol (IP) address is a number assigned to your computer by your Internet service provider that allows you to access the internet. An IP address is generally considered to be non-personally identifiable information because, in most cases, it is dynamic (changing each time you connect to the Internet), rather than static (unique to a particular user's computer).

A "cookie" is a bit of information that a Web site sends to your Web browser that helps the site remember information about you and your preferences. You can set your browser to accept or reject all cookies or to notify you whenever a cookie is offered so that you can decide at that time whether to accept or reject it. We will only use this type of data in an aggregate form which does not identify you personally.

### **Use and Disclosure of Information**

JACK'S® International Corporation may use information gathered through this Internet site for the following general purposes: (1) to customize content delivered to you; (2) to contact and provide service to you as well as improve the overall delivery of our services; (3) to conduct research for other purposes related to our core business; and (4) for any other purpose specified. In no case will we use personally identifying information for its own use or the use of any other party, except to provide the services you request or as required by law. The owners of this Internet site only review usage of our online content in the aggregate (meaning information summarized into large groups of users with no personally identifying information) to determine the most popular Internet site features and to help us develop new content and service ideas.

### **Information Sharing**

The owners of this Internet site will not sell or otherwise share personally identifying information with other people or nonaffiliated companies except to provide services to you at your request, or as required by law. We will share this information with certain business partners to provide requested service that we do not provide directly. We will only share personally identifying information with these business partners if they agree not to disclose the information to other parties and agree not to use this information to solicit. The owners of this Internet site may share aggregate data collected through this site that does not personally identify any party with our research partner, and may from time to time share this type of data with other business partners.

**Links**

This Internet site may contain several links to other Internet sites not controlled by JACK'S®. We have attempted to choose our linked partners with great care; however, we are not responsible for the privacy practices of any linked site. You should read the privacy policy of each linked Internet site to understand the related policy. This privacy policy applies solely to information collected through JACK'S® Internet site.

**Security**

JACK'S® has attempted to take all reasonable steps to have physical, electronic and procedural safeguards in place to protect personal information gathered through this Internet site. This includes compliance with related federal regulations and may include use of industry-standard SSL-encryption to protect certain transmission data we deem sensitive.

**Questions and Comments**

We are always interested in what our customers have to say. If you have any questions or concerns, please contact us via the Ask Jack web page.

**Changes to Privacy Policy**

If this Privacy Policy changes, the revised policy will be posted on this Internet site. Please check back periodically, especially before you provide any personally identifiable information. This Privacy Policy was last updated on October 1, 2008. We encourage you to review this privacy policy from time to time for any changes.
